

BX Daily Activities

Tell us a Story

#BXDailyActivity

(For all ages)

A photograph is a great tool for telling a story.

For this activity you will create and photograph a scene that tells a story.

First, think of what you want to say in your story. You can write this down if it helps.

Make a list of what you need to tell your story.

You could ask members of your family to help out. They could dress up and use props. (A prop is any important object that is needed to help tell your story)

Alternatively, you can take out your favourite toys and arrange them into a scene.

A prince chases away a dragon and saves the day!

Real life actors and props.

Staged with your favourite toys.

Please share your photo story with us on all our social media.

We'd love to see them!
